

ASPEN

Age Level	Elementary
Academic Learning Profile	An Aspen student works in diverse groupings (whole and small groups of 3-4 peers). An Aspen student also works towards self-monitoring her/his own behavior in order to work independently for short periods of time.
Regulation Skills	An Aspen student identifies her/his own emotions and practices perspective taking skills to strengthen empathy.
Communication Style	Aspen students primarily use expressive (verbal) speech and are working on building more complex language.
Curriculum & Core Content	<ul style="list-style-type: none"> ● Academic curriculum aligned with Oregon State Standards ● Simultaneous academic and social-emotional learning as students practice their impulse control, emotional regulation, and flexible thinking skills ● Daily living skills practice includes cooking, social manners, hygiene, wellness, and more ● Elective subjects include Adapted Physical Education, art, and music ● Project-Based Learning ● Community Based Instruction (CBI) <ul style="list-style-type: none"> –Weekly outings designed to generalize both social and academic skills learned in the classroom (engaging with customer service personnel, pedestrian safety, reading community and store signs, waiting patiently in lines)
